### **2.1 Introduction**

The British Sign Language (BSL) National Plan 2017 – 2023 was published on 24 October 2017. It has ten long-term goals which were co-produced with BSL users across Scotland.

This National Plan and the resultant draft Plan for East Lothian is as required under the terms of the BSL (Scotland) Act 2015.

The draft BSL Plan for East Lothian reflects the ten long-term national goals, and sets out the actions the Council will take from 2018 – 2024. This Plan also demonstrates how we will:

- Improve communication and access to services for people who use BSL in East Lothian; and
- Promote the use of and understanding of BSL across the county

### **2.2 About East Lothian**

East Lothian has changed significantly in recent years. The county continues to have population growth ahead of other local authority areas, with an increasing number of young people and a growing elderly population. In East Lothian we have also welcomed new communities including Syrian refugee families, and the needs of existing communities continue to become increasingly diverse. At the same time, the Council's budget is under pressure and the need to reduce costs and modernise the way we deliver our services has never been more important.

The Community Empowerment (Scotland) Act 2015 brings new requirements for the Council and its partners to work with the community and ensure that everyone including BSL Users have the opportunity to participate in local decision making.

This draft BSL plan sets out our commitment to tackling inequality and promoting inclusion of BSL users. We believe that we need to lead the way in planning and delivering services which meet the needs of our diverse communities and respond to the changes ahead.

### **2.3 Engagement & Consultation**

In developing the East Lothian BSL Plan we have been very conscious of taking into account the views of Deaf and deafblind BSL users. We consider this essential in ensuring the final Plan meets the needs of the Deaf and Deafblind community and will consult and engage with these communities throughout the life of this Plan.

To date in partnership with Midlothian Council, West Lothian Council, the City of Edinburgh Council, NHS Lothian, Scottish Fire & Rescue Service, Police Scotland and the Scottish Ambulance Service we held an engagement/consultation event and

listened/heard through interpreters and in person the views and needs of the Deaf and Deafblind communities Lothian-wide. These views have been reflected in this draft Plan.

Further, in October we will be holding a further event for East Lothian and Midlothian residents with any further needs identified being built into this Plan. This is because we want the East Lothian BSL Plan to be a living document, regularly updated as further needs are identified.

## **2.4 Continued Commitment**

As can be seen from above East Lothian Council is totally committed to continued engagement around:

- 1) Implementing actions; and
- 2) Providing feedback on progress

As such, as and when we are aware of the changing needs of the Deaf and Deafblind community we will update our BSL action plan, and the Council will contribute to the National progress report in 2020.
